

Makerspace Fraction Challenge

Project Self-Reflection

Student Name: **Lloyd Hau**

Project Name: **The Fraction Model Creator**

1. What is the most important thing you learned in this project:

- **I learned how to make a fraction related project.**
- **I learned how to make a TV commercial.**
- **I learned that making a fraction related project and a game could make the game better.**

2. What do you wish you had spent more time on or done differently:

- **I wish I would've made a game with fractions.**
- **I wish I would've spent more time on making the Fraction Model Creator but I was absent.**
- **If the fractions were a little thinner the fraction pieces could fit inside easier.**

3. What part of the project did you do your best work on:

- **I think I did the best work on helping my friend Marc work on the project.**
- **I think I also did the commercial really good too.**
- **I think I did the best on working together with Marc.**

4. What was the most enjoyable part of this project:

- **The most enjoyable part was building the project.**
- **It was also the iMovie independent project.**
- **Filming the green screen commercial was fun.**

5. What was the least enjoyable part of this project:

- **The least enjoyable part was when I was absent for 2 weeks.**
- **I didn't get to make much of that project because I wasn't at school.**

6. How could you change this project to make it better next time:

- **I could change this project by making it a game next time.**
- **If we had more black tape it would have made the box more black.**
- **If I had more time to work on this I would've made it a little game.**
