Dear Mr. Koffman,

Thank You for coming to our classroom. It was good to learn the things you taught us like, "Sketching is visual thinking." Also letting us go to your gallery.

I learned you designed the flag of peace and freedom. What does it look like? I was also wondering, has anyone been inspired by you and wants or is an artist? I was also wondering, what does your art look like? I learned that you made a comic book for the radio, what is it about?

My name is Marc Yinug, I like to draw, but I also like making things like movie props. I have only been making them for about almost a year. I also like to read.

My favorite book series are
Harry Potter and Percy Jackson. I
also want to get into filmmaking.
And I do have a camera to film with.

My birthday is on December 30th.

Again, thank you for coming
to our classroom and letting us go
to your gallery.

Sincerely,
Marc Yinug

ordinary concepts into
pretty artwork that
catches people's
attention.

I have some facts to

Shane: I have a younger
brother, My younger
brother is six years old,
I am one year older than

Dear Mr. Koffman,

Thanks for coming Mr. Koffman,
I had a great time when you visited
our classroom. It was so fun! Thanks for the
sketchbook too. I sketched tons of spaceship wavs
and models of proton missiles, laser and
war spaceships!

I learned that you made the "Flag of Peace
and Freedom" and that 32 countries use it.
I also learned that you correspond with the lead-
ers of those 32 countries and you made the flag
over 20 year ago. You know the comic that
you made for the radio show called Wolfman
Jack? Did that ever get published because it
sounds like a really good book. Have you
ever wrote anymore books?

I'm a couch potato and a videogamer
and I love soccer. My team is undefeated. My
friends and I have our own foot ball team
called the "Kansas City Speeders."

My brother sit right in front of me.
My house is two stories high. Is yours 2 or
more stories high? I'm the oldest child in my
family.

Thank you again for coming to our
classroom.

Sincerely,

Dear Mr. Koffman

Thank you so much for coming to our class! I'm so glad we learned a lot about you. I didn't know you worked on Camano Island next to Freedom Park. Thank you for letting us read an article on your website. I learned so much!

In the article "Blank is the Starting Point for Everything!" it talks about you working with Lisa the African elephant and that you designed the Flag of Peace and Freedom.

Some of my likes are: cake, ice cream, art, and friends. One of my friends is Thomas. I really like doing my art with anything I find around me, though I barely ever get to.

Thank you for inviting us to go to your art lab sometime

Sincerely,

Dear Mr. Koffman,

Thank you for the sketch
pads. We love sketching in
them.

I learned that you try to
encourage people to think outside
the box and you say "what box?"
I learned that you were raised
in Los Angeles, California and
were born in 1950. When you
said your idea could change the
world it made me sketch
more. How old are you? —

Dear Mr. Koffman,

Thank you for visiting my class. We really liked it! Thank you for inviting us to your gallery and to have permission to go on your website.

I learned that you have an elephant and you painted over 30 works of art with your elephant Lisa. How did Lisa die? I also learned that you and Lisa got over thousands of dollars for the elephant rescue program, that is a lot of money.

I am a video game and TV buff. I have three brothers and a mom and dad. I am the eldest kid

Dear Mr. Koffman

Thank you for the sketch pads, I really liked that you came to our class room.

I learned that you designed the flag of peace and freedom. I also learned that you used to have a elephant named Lisa. The thing that's meaningful to me is that we get a trip to your gallery. Who is Wolfman Jack? What's your favorite food? How many art works have you done so far?

I'm 9 years old and my birthday is August 25. My favorite thing to do is make art and play games with my family.

I would like to say thank you again!

Sincerely,

Kayence
